Carmen,

I have reviewed the attached news release. My only feed back is for the air monitoring session for the last sentence where it says "Monitoring results continue to indicate no human health concerns." I would emphasize that there are no human health concerns "in the community."

Aside from that, I see no other issues. Let me know what you think.

-Phil Rouse

UC PIOs – please review and approve the attached news release for distribution this evening. Please respond with any suggested changes.

Thanks!

Thank you,
